

How to Fix a Photo

Updated 7/13/2018 for use with US
Soccer Connect system

- 400 pixels high by 300 pixels wide
- Face must be at least 75% of a 400x300 image
- Color
- Clear
- No sun glasses, face paint or hats
- Photo taken within past 6 months

Photo Requirements

You can use most any photo editing software to prepare player and coach photos for upload to the US Soccer Connect system.

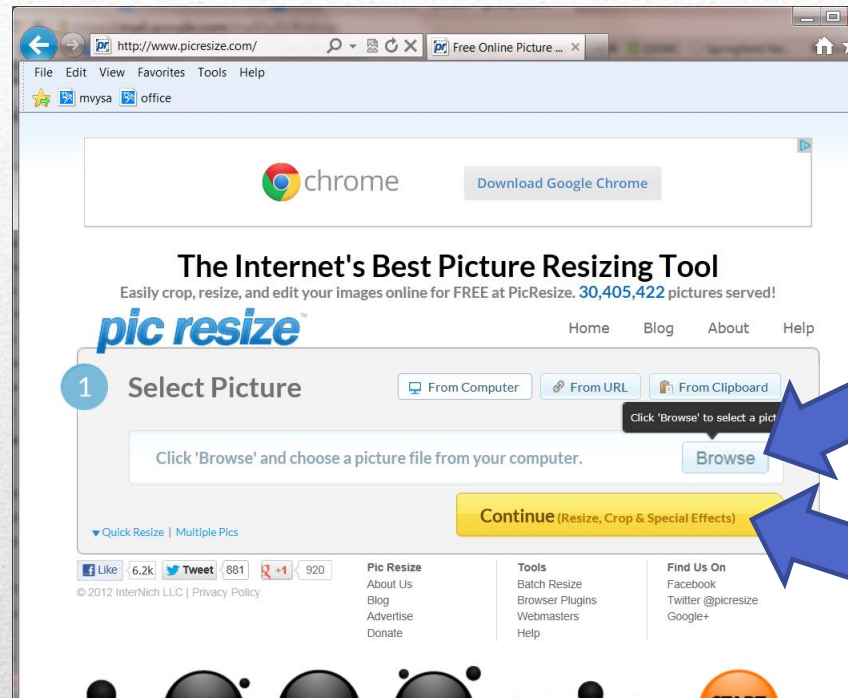

The website picresize.com is a free and simple place to edit a photo.

Using picresize.com

1. Click on Browse and choose the photo from your computer
2. Then Click the yellow

Continue

Using picresize.com

- Drag a rectangle on photo to select the face and shoulders, Then click Crop Selection

The screenshot shows the 'picresize' logo at the top. Below it, a step indicator '1' is followed by the heading 'Crop and Rotate Your Picture: (Optional)'. A warning icon and text state: 'The preview below is the actual size of your image.' To the left, a 'Crop Menu' box contains the instructions: 'Click and drag on the image to make selection. Hold Shift for square. →'. Below the instructions are three buttons: 'Crop Selection', 'Deselect', and 'Revert to Original'. A large blue arrow points from the 'Crop Selection' button towards the right. To the right of the menu is a preview of a man's face with a dashed crop box around it.

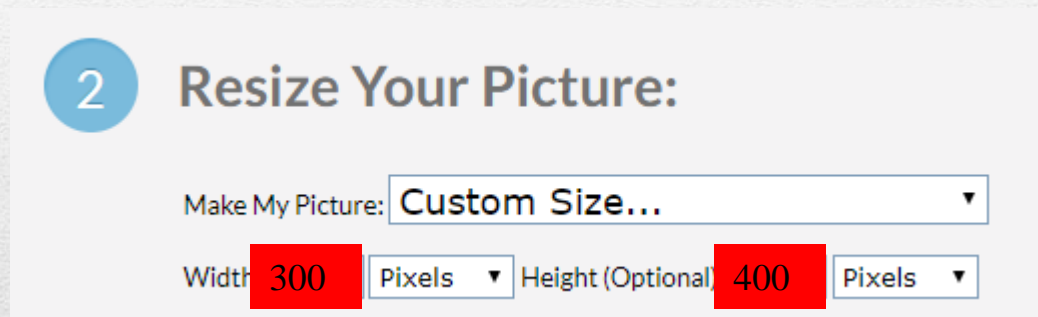

Using picresize.com

- Cropped Photo will appear

- Scroll down to step 2 Resize Your Picture
- Choose custom size
- Set width 300 and height to 400 pixels

- Click the yellow

I'm Done, Resize My Picture!

Using picresize.com

- Click Save to Disk, making note of where you save it
- Now you can upload the photo in US Soccer Connect system
